

You will hear an interview with a girl called Laura Rogers, who's talking about a trip to the beach to look for signs that dinosaurs once lived there. For questions 24-30, choose the best answer (A, B or C).

24 What made Laura decide to go on the beach trip with her uncle?

A She recently visited an exhibition about the area.

B She became interested in archaeology through internet research.

C She realised it was the best way to prepare for some schoolwork.

25 When Laura's uncle showed her some real dinosaur bones, she

A found it hard to imagine how big the creature had been.

B was disappointed to hear they hadn't been discovered locally.

C began to hope they'd find something similar during their beach trip.

26 Laura describes the beach they went to as somewhere that

A attracts some unusual wildlife.

B is known for its good weather.

C is popular only with walkers.

27 When Laura discovered a black stone during their search for dinosaurs, her uncle

A advised her to keep it and turn it into jewelry.

B told her it was rare to find one of that size.

C suggested that it might be worth some money.

28 How did Laura respond when she finally saw a dinosaur footprint?

A She didn't immediately understand what she was looking at.

B She regretted not knowing more about animals.

C She couldn't imagine that an animal had once walked on the beach.

29 During their exploration of an old ship further along the coast, Laura and her uncle

A made sure they avoided doing any damage to it.

B tried hard not to disturb the seals in the area.

C were aware the ground was dangerous to walk on.

30 As a result of her trip to the beach, Laura

A thinks she has discovered a new career path.

B is proud that she can guide others around the area.

C wants to learn how to observe more during her walks there.
