What will life be like in 50 years?

Lam, 11

Robots will do all the dangerous jobs, and help in the house. I think they will help us with our homework, too. That will be great!

Trung, 10

People will live longer, so it will be more crowded on Earth. There will be lots of traffic, so I think there will be new roads in the sky.

Kim, 10

I think it will be warmer and there will be more storms. Animals like polar bears won't have homes because there won't be any snow. That's a serious problem!
