Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

Urbanisation is rapidly changing the landscape of cities around the world. As more people move to urban areas in search of better opportunities, cities face a large number of problems. Overcrowding leads to increased traffic congestion, higher living costs, and strain on public services such as healthcare and education. Furthermore, urban **sprawl** can result in the loss of green spaces, which negatively impacts the environment and residents' quality of life. To address these challenges, city planners and governments are exploring sustainable urban development strategies. These include enhancing public transportation systems to reduce car dependency, promoting mixed-use developments to create vibrant communities, and implementing policies to preserve green areas. Additionally, engaging citizens in the planning process can help ensure that urban development meets the needs of the community.

LIVEWORKSHEETS

While the challenges of urbanisation are significant, **proactive** measures can lead to more resilient cities that offer a higher quality of life for all residents.

Question 31. What is the main idea of the reading passage?
