1. Read the text and answer the following questions:

Mahra and Jaber save water

Saving water is very important for everyone. Mahra and Jaber learn that we must always save water because clean water is limited.

When they use too much water, they waste it. They help the planet by using water carefully every day. Mahra remembers to turn off the tap when she brushes her teeth.

Jaber takes a shower and uses less water by finishing quickly.

When they wash dishes, they use only the water they need. Small actions make a big different.

1. What does Mahra do with the tap?
   a) leave it on.
   b) turn it off.
   c) breaks it.
2. What happens when Mahra and Jaber use too much water?
   a) they save water.
   b) they waste water.
   c) nothing happens.
