Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

Niagara Falls is one of the most famous natural wonders in the world and a top tourist destination in Canada. Located on the border between Canada and the United States, the falls consist of three waterfalls: Horseshoe Falls, American Falls, and Bridal Veil Falls. The Horseshoe Falls, the largest and most powerful of the three, is on the Canadian side and attracts millions of visitors each year.

Niagara Falls is not just a breathtaking sight; it is also an important source of hydroelectric power. The rushing water generates electricity that supplies energy to both Canada and the United States. The falls also play a significant role in local tourism, creating jobs and **boosting** the economy.

Visitors to Niagara Falls can enjoy many activities, such as taking a boat ride to get up close to the falls, walking along scenic trails, or enjoying the view from observation towers. At night, the falls are **illuminated** in colorful lights, creating a magical atmosphere.

While the beauty of Niagara Falls is undeniable, it is also carefully preserved. Authorities work hard to protect the environment around the falls and ensure it remains a natural wonder for future generations to enjoy.

Question 31. What is the main idea of the text?
A. Niagara Falls is both a tourist attraction and a source of energy.
B. Niagara Falls is considered to be the largest waterfall in the world.
C. Niagara Falls is visited by millions for its beauty and importance.
D. Niagara Falls produces electricity for both Canada and the US.
Question 32. What makes the Horseshoe Falls unique?
A. It is known for being the most visually impressive of the three waterfalls.
B. It is located on the border but shared equally by both countries.

LIVEWORKSHEETS
