BLOQUE 2: THE ANCIENT ACTIONS
(Irregular Verbs in the Past)

Part A: The Explorer's Log

Complete the journey: Use the past tense form of the verbs provided in parentheses to complete the sentences describing Bencomo's expedition.

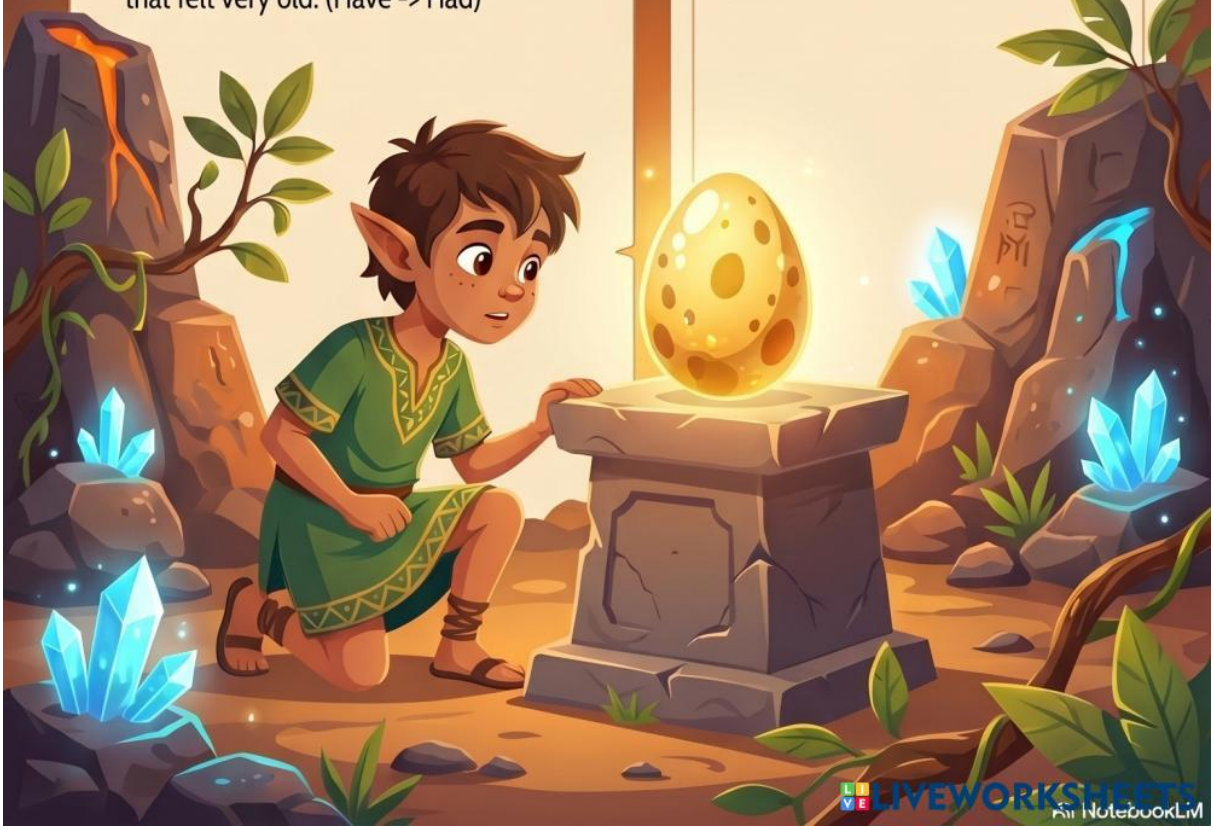

- Yesterday, the young explorer [went] into the deep, mystical cave. (Go -> Went)
- Inside the darkness, he [saw] glowing blue crystals lighting the path. (See -> Saw)
- On a stone altar, Bencomo [found] a mysterious speckled egg. (Find -> Found)
- The ancient people [made] carvings on the cave walls long ago. (Make -> Made)
- He [took] his wooden staff to help him climb the volcanic rocks. (Take -> Took)
- After a long day, the boy [slept] near the warm obsidian stones. (Sleep -> Slept)
- He [ate] some fruit from the laurisilva jungle before continuing. (Eat -> Ate)
- The cave [had] a magical atmosphere that felt very old. (Have -> Had)

Part B: Master the Ancients' Language

Choose the Correct Past Form: Circle the correct irregular past tense form to complete the explorer's observations.

Seeing the Truth:
I (sawed / saw) the light of the crystals reflecting on the egg.

Finding the Way:
The explorer (finded / found) the secret exit behind the stone pillar.
