Online shopping

My name is Sara, and I love shopping online. I prefer mobile phone apps, but sometimes I use my computer. The phone is more convenient for me, and I can even do my shopping from bed! I love shopping so much that I buy everything I need at home. I get food, electronics, books, and even large pieces of furniture like my sofa and bookshelves all online! But I still prefer getting clothes from a store so I can try them on to be sure they fit me fine.

Yesterday, I bought a birthday present for my mother, and **it** arrived today! That saves me a lot of time. I am a very busy person, and I am a little forgetful too. If I think of something I need, then it is wonderful that I can buy it at that moment.

My friends aren't as comfortable with buying things online as I am because they think that it can be dangerous. Of course, bad things sometimes happen, but I am very careful with all of my personal details. I think the biggest fear that people have with using their credit cards online is that someone will **steal** their number. It is important to be sure that the web page is secure.

You can see this if the address has got an "s" in it, like <https://>. That "s" means it is safe.

People should not be afraid of shopping online. I think it will be the only way we will do our shopping in the future!
