Read the following passage and mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

Monash University is a public university located in Melbourne, Australia. It was established in 1958 by an Act of the State Parliament of Victoria and is the second oldest university in the State of Victoria. The university was named after the **prominent** Australian general Sir John Monash. This was the first time in Australia that a university had been named after a person, rather than a city or state. It was originally intended to have an emphasis on science and technology. However, it quickly expanded beyond this. In its early years, it offered undergraduate and postgraduate degrees in engineering, medicine, science, arts, economics and politics, education and law. Initially, it was best known for its strong research capacity in the sciences and for its innovative teaching in law and medicine.

Question 31. What is the main idea of the passage?

- A. Monash University only focuses on science and technology.
- B. Monash University was the first university in Australia.
- C. Monash University is a well-established institution with a strong reputation in research and education.
- D. Monash University only offers undergraduate degrees

Question 32. Why was the naming of Monash University unique in Australia?

- A. It was named after a person, which was a first in Australia.
- B. It was named after a city.
- C. It was named after a country.
- D. It was named after a historical event.
