Hi, I'm Fadia from Morocco. Last week, my cousin Fatima had a party. It was her birthday. She was eleven years old. Her mum and dad invited lots of family and friends. Here are some pictures from the day. Have a look.

Then can you remember what I did?

The birthday song

Let's party! Let's party!
Let's party and have fun!
If your birthday is in **January**,
Shout your name out everyone!
We went to a birthday party.
We gave birthday cards.
We said **Happy Birthday**
And partied very hard!
We had birthday cake.
We had milkshakes too.
Before we went and said goodbye,
There was lots for us to do.
Let's party! Let's party!
Let's party and have fun!
If your birthday is in **February**,
Shout your name out everyone!
