MY HOBBIES.

Hello! My name is Amanda and I live in Portugal. I live in a little coastal village. I love the sea and I think that I couldn't live in a big city without the sea around me. I live with my parents and my little sister. She is thirteen and I am fourteen. My mum's name is Maria and my father's name is Gonçalo. My parents are both P.E. teachers. I practise sport every day since my parents always practise it. I get up in the morning at 6.30 and go to the swimming pool to practise. I belong to the swimming school team. Then I go home and wake my sister up. We have a big breakfast and then we go to school. At half past one we go home and have lunch. I do my homework and then go to the sports centre because I also practise basketball. I love it. I could say it is my favourite sport. After that I go home, watch some TV or play with my sister and then we all go to bed to get up early the following day. I also like going out with my friends. We often go to the cinema at the weekend or go to any of our friends' houses to play with the computer or chat with other friend. We also like going to the beach and play volleyball or doing swimming competitions, of course I am the best member. I am the only one who is a professional that's the reason.
