THE MOST UNFORGETTABLE EXPERIENCE IN MY LIFE

It was a dark and a cold night. One of my friends suggested that we go outside for star seeing. At first we just wanted to go around and appreciate the beautiful sky decorated by many stars. But then we decided to go further in. All we thought about was walking and talking. It was unfortunate that we went into the forest and got lost.

When we found we were lost, it was too late to find the original way back to the cabana. What's more, the fog became thick quickly. Terrible fear came to my mind and made me tremble out of my control. It was impossible for me to get out of the forest. It was hard to find the way clear because of the dense fog. We didn't know which step to follow next. Suddenly, we saw a light came closer and closer. There was a torch which was brought by a man who in a few minutes stood in front of us. We dared not to open our eyes until he came to pat on our shoulders. He told us that if we got lost, he would help us to find the way. At this moment, I was relieved because I knew I wouldn't stay in the forest all the time. This kind man led us to go out. It was him who ended up this terrible experience of getting lost.

It was really an unforgettable experience in my life. I will not forget such a special unforgettable experience.

She was secluded inside the house and forbidden to go out until a man propose her. The rule could restrict her body but not her mind. During her "pingitan" time, she spent her time by reading book which she got from her relatives. Although she was not able to continue her study to higher level, she was smart had a bright idea. She got the knowledge from the books she read. To express her idea, she established a school for local people on the backyard of Jepara city hall.
