I have done a lot of activities here; I have lived in Huasca de Ocampo for about 12 years. I have done many things here; I have gone _____ in the _____ since I was a little boy. Many people are terrified about this, but I have never seen a _____ a ghost in this beautiful place. Everything has been incredible.

Let me tell you that mom is a great cook, she makes new dishes all the time. They are a _____ because they are very delicious, and she always asks me before I leave the house for school something like "Would you like some _____ with tomato sauce and mushrooms Mark? I don't think you have ever tried it". Actually, you can find this kind of fish all over Huasca; in fact, it is a traditional dish.

I have also played _____ in different state wide competitions since I was 7; actually, my grandfather played with me every day. It is sad to say, but he died a few years ago, and he is now in the _____.

Well! I have to say good bye because I haven't finished my homework yet, it is about natural areas in Mexico; thank God I have already written a _____ about the flora and fauna in Hidalgo.
 Bye!
