

# Reading Comprehension

## A Student of International Business at Piloto University

My name is Laura Gómez, and I am a student at Piloto University. My major is International Business. I am a full-time student, and I attend classes from Monday to Friday.

I study in the morning, and I work in the afternoon at a small company near the university. My job is interesting because I communicate with customers and organize business documents. I like to work and study because I learn new skills every day.

English is very important in my major, so I speak English every day in class and during online activities. I also practice English with my classmates because we want to work for international companies in the future.

I enjoy my university life because my classes are dynamic, and my professors are professional and supportive. I am responsible, organized, and motivated to become an excellent international business professional.
