

$+6$ -8 $\times 3$ $+12$ $+9$ -20 $+8$

10

A sequence of 8 circles. The first circle contains the number 10. Above the circles are the operations: +6, -8, x3, +12, +9, -20, +8. Green arrows point from each operation to the next circle in the sequence.

$\times 6$ $+8$ $+5$ -17 $:2$ $+3$ $+24$

4

A sequence of 8 circles. The first circle contains the number 4. Above the circles are the operations: x6, +8, +5, -17, :2, +3, +24. Green arrows point from each operation to the next circle in the sequence.

$+6$ $+17$ -5 $+13$ $+1$ $:2$ $+8$

12

A sequence of 8 circles. The first circle contains the number 12. Above the circles are the operations: +6, +17, -5, +13, +1, :2, +8. Green arrows point from each operation to the next circle in the sequence.

$+6$ -4 $\times 9$ $:3$ $+15$ $+7$ -9

1

A sequence of 8 circles. The first circle contains the number 1. Above the circles are the operations: +6, -4, x9, :3, +15, +7, -9. Green arrows point from each operation to the next circle in the sequence.
