

QUICK SWITCH CLINIC

EVALUATION

1. Match the illnesses below with the picture.

headache cold stomachache earache fever backache

Diagram illustrating a matching exercise. A central figure of a man is surrounded by six empty boxes. Dotted arrows point from the man's head, ears, stomach, and back to these boxes. To the left, a boy with an ice pack on his head and a thermometer in his mouth has a dotted arrow pointing to a box. To the right, a boy sneezing into a tissue has a dotted arrow pointing to a box.

QUICK SWITCH CLINIC

EVALUATION

2. Write sentences using illnesses according to the pictures below.

Example:

I have a cold.

3. Write a conversation expressing illnesses and giving recommendations using "Should" or "Shouldn't".

Example:

Doctor: What's the problem?

Patient: I have a cold.

Doctor: You should take a pill.

Patient: Thank you doctor!

Doctor: _____

Patient: _____

Doctor: _____

Patient: _____
