How to Make Orange Juice

1

2

3

4

5

a

Prepare the oranges. Peel and quarter the oranges in sections.

b

Pulse a few times to break up the oranges. Then process continuously until the oranges are pureed.

c

Taste tests the juice. If it is too dry, add some water. If not sweet enough, add sweetener to taste

d

Run the blender again. Run until it is liquified.

e

Let sit for a few minutes to settle, then serve!
