

## I. Reading

### Emergency Fire Procedures

#### CROWNE PLAZA

Los Angeles Airport

#### Emergency Fire Procedures

- If you detect a fire, call emergency, 1999, and the Fire Department, 9+911. Engage the fire alarm, alert other guests, and exit the building.
- If a fire is detected inside the room, exit the room immediately, close the door, and activate the nearest emergency alarm. Notify in-house personnel by dialling 1999 and the Fire Department at 911.
- If you are alerted to fire in the building, make sure it is safe to leave your room. Check for heavy smoke. Once you have determined it is safe, take your room key and proceed to the exit nearest to you.
- If it is not safe to leave your room, fill your bathtub and other containers with water. Block all openings, such as vents and under the door, with wet towels. This will prevent fumes from entering your room. Call the hotel staff, informing them of your location.
- If smoke already exists in your room, hold a wet towel over your mouth and stay low.
- Do not break any windows unless absolutely necessary. This will only worsen the situation.
- Do not try to exit by use of the elevators.

*It is important to remember that in any emergency situations your ability to STAY CALM during the evacuation process is the key to success.*

### **Exercise 1 – Word Use**

Decide which of the following choices is closest in meaning to the underlined word in the sentence and write down the corresponding letter.

1. If you detect a fire, call emergency, 1999, and the Fire Department, 9+911.
