- **Record your voice clearly in the speaking activity.**
- **Check your answers before submitting.**
- **Click on "Finish" when you have completed all the activities.**

### 1. Check the correct answers.

Check the devices that can connect to the Internet.

- Smartphone
- Laptop
- Tablet
- Printer
- Smart TV
- Router
- Digital Camera

## 2.- Match the device with its function.

| Devices    | Functions                          |
|------------|------------------------------------|
| Smartphone | Send messages and make calls       |
| Laptop     | Create documents and presentations |
| Printer    | Print documents                    |
| Tablet     | Read e-books and watch videos      |

## 3.- Choose the correct option.

I use a /smartphone/ printer / calculator/ to make calls and send messages.

Students often use a /laptop/ ruler / backpack/ to do their homework online.

We need the /internet/ notebook / marker/ to connect to websites.

I send messages through /email/ eraser / crayon/.

I read digital books on a /tablet/ pencil case / ruler/.

## 4.- Complete the sentences with the correct word from the word bank.

Word bank: smartphone – laptop – tablet – printer – internet

When I am away from home, I use my  to check social media, send messages, and make video calls.

Many university students prefer using a  because it allows them to write essays, prepare presentations, and attend online classes.

Without the , people cannot browse websites, watch online videos, or send emails.

Before submitting an important document, I use a  to get a paper copy.

A  is larger than a smartphone but smaller than a laptop, making it convenient for reading and entertainment.

**5.- Choose the correct answer.**

1. I use this to make calls \_\_\_\_\_
2. I use this to print documents. \_\_\_\_\_
3. I need this to go online. \_\_\_\_\_
4. I use this for homework and projects. \_\_\_\_\_
