Donkeys and horses

Example How are donkeys different**from**..... horses?

- 1 Donkeys move slowly than horses, they don't do dangerous things like jumping and they can't swim. Horses can.
- 2, a donkey is frightened, it doesn't move. But a horse runs!
- 3 Donkeys and horses have different ears and tails, too. A donkey has ears than a horse, and a tail which is like a cow's.
- 4 Most horses enjoy eating grass and live in places where it grows. Donkeys can live in hot, dry places where there is grass.
- 5 But colours aren't very different. Most horses and donkeys are white, black, brown or grey.
