Zoos

Example

Zoos can help us to learn more**about**..... our world.

People go to zoos to see the animals, birds and fish

1 come from different parts of the world.

Zoos weren't always very good places for animals

2 they sometimes had to live in small cages.

3 Now cities in the world have a big zoo.

They sometimes have long grass where animals

4 giraffes, lions and tigers can run and play.

5 In, zoos, there are often rivers for the crocodiles to swim in. The animals think they are in the jungle – not a zoo!
