Read the text and answer the questions. Choose the correct answer A , B or C (/ 20)

Sara is a Planet Protector. She cares about the Earth and wants to help keep it clean. Every day, she saves water in simple ways. She turns off the tap when brushing her teeth and takes short showers. At school, she reminds her friends not to waste water. She also waters plants in the evening because less water disappears in cool weather. Sara believes that small actions can make a big difference. She feels proud because saving water helps people, animals, and plants. Everyone can help protect the planet by using water carefully every day.
