

2do Año – Técnico Superior en Análisis y Desarrollo de Software

Ciclo lectivo 2026

Name and Surname: _____

Clase virtual N°: 3 (Clase 22/06 – Clase 26/06)

Unidad del programa: Bloque 1

Contenido/s:

- Modal verbs
- Comprensión de texto

Objetivos de la clase:

- Reconocer estructuras gramaticales trabajadas en las clases presenciales
- Habilidad comprensión lectora

Actividad:

1. Can / can't - must / mustn't.

1. Dogs _____ enter big stores; they _____ wait outside.
2. You _____ walk on the grass of the garden and pick up flowers
3. The man with the dog _____ cross for he _____ wait for the lights to turn green.
4. One _____ drive as fast as one likes; one _____ obey the speed limit.
5. You _____ come any time you like but you _____ disturb me on Sundays.
6. Passengers _____ wait on the platform but _____ cross the rails.
7. One _____ fish or hunt in preserved areas.
8. You _____ feed animals in a zoo.
9. You _____ watch TV too long; it's bad for your eyes.
10. I _____ come but I _____ use my mother's car.

Complete with MUST or HAVE TO in the correct tense (sometimes both are possible):

1. Oh! It's getting late. I _____ go home now.
2. My mum is always telling me that I _____ study more!
3. Jane is great. You _____ meet her!
4. Alex _____ leave the party early yesterday. His parents didn't let him stay until late.

7. Children _____ wear a uniform in many schools.
8. Anne can't come to the park with us. She _____ help her mum with the housework.
9. Albert might _____ move to Bristol next year. He's found a job there.
10. Next time you come to Manchester, you _____ come and visit us again.

PC Tech Vol. 29, No. 3

Solutions for Networking

Network Troubleshooting

People often call IT professionals about **network** connection problems. But many problems are easy to fix without help. First, reconnect any loose **CAT-5** cable connections. Next, investigate **IP address** issues. This group of numbers allows communication on the **Internet**. Renewing your **DHCP** fixes most IP problems. Next, check the **router**. The router links **LANs** to the Internet. Make sure the router's **configuration** is correct. **WLANs** have other problems. Interference often blocks their wireless signals. But there is a simple solution. Just move the router away from walls and metals. Finally, **cycle** the network. Turn all equipment off for a full minute and then restart.

Reading

2 Read the article about networks. Then, choose the correct answers.

- What is the main idea of the passage?
 - how to set up a network
 - correcting network problems
 - choosing network equipment
 - a comparison of LANs and WLANs
- What can you infer from the passage?
 - A computer is not functioning during a cycle.
 - LAN routers do not work well near walls or metals.
 - Interference impacts a router's configuration.
 - Renewing an IP address fixes DHCP errors.
- According to the passage, a LAN _____.
 - assigns IP addresses
 - requires a router
 - links CAT-5 cables
 - cycles a network

4 Choose the best definition for each word.

- router
 - a part of a computer
 - a wireless network
 - a networking device
- IP address
 - a city-wide network
 - an identification number
 - a networking device
- LAN
 - a local network
 - a networking device
 - a wireless network

Vocabulary

3 Fill in the blanks with the correct words or phrases from the word bank.

Word BANK

DHCP CAT-5 cable router network
 cycle WLAN Internet configuration

- The _____ lets a network connect to the Internet.
- A LAN is a type of _____.
- Businesses communicate on the _____.
- We do not use cables for our network. We have a _____.
- Routers need a correct _____ to work properly.
- Businesses with a LAN use _____ to connect computers.
- It is sometimes necessary to _____ a network to make it work.
- The _____ provides different IP addresses for computers.
