2.-Read and choose the correct option according with the reading comprehension. (0.25 points each – Total: 1.00 point)

Emily's Accident

Last Saturday, Emily was riding her bicycle in the park when she fell and hurt her leg. She could not walk well and felt a lot of pain. Her father took her to the hospital immediately.

At the hospital, the doctor examined Emily's leg and took an X-ray. Fortunately, her leg was not broken, but she had a strong injury. The doctor cleaned the wound, put a bandage on her leg, and gave her some pain medicine.

The doctor also told Emily to rest for a few days and avoid sports activities. Emily stayed at home and followed the medical treatment carefully. After two weeks, her leg was much better.

Where was Emily when the accident happened?	What part of her body did Emily hurt?	What did the doctor use to check Emily's leg?	What medicine did the doctor give Emily?
