HEALTHY LIFESTYLE

A healthy lifestyle is important for everyone. We should eat nutritious food, drink enough water, and exercise regularly. These habits help our bodies stay strong and healthy.

Getting enough sleep is also important. Sleep helps our bodies rest and recover after a busy day. People who sleep well usually feel more energetic and focused.

We should also avoid unhealthy habits such as eating too much junk food and spending too much time on electronic devices. By making healthy choices every day, we can enjoy a better life.

A. Vocabulary

Match the words with their meanings.

Nutritious

Exercise

Sleep

Healthy
