Hi,

My class is planning a weekend activity together, but I can't decide what we should do. Should we go hiking, have a picnic, or visit a museum?

What do you think?

Dear Aiman,

That's all from me.

Firstly, everyone can join since it is fun and affordable.

Sarah

Besides that, you can play games, share food, and spend quality time with your classmates.

I think having a picnic at the park is the best activity for your class.

Thank you for your email.

Next, you can also take many memorable photos together.

Best wishes,
