My three favourite school subjects, by Annabelle Plume

A Biology

I love biology because we discuss all kinds of important things. The time passes quickly in class and usually we don't finish our work before the end of the lesson. Then we have to take it home to do. That's OK because we download free videos and write notes about what we learn. Sometimes in class we use special equipment to do tests. I really enjoy this activity because we're allowed to choose who we work with, and my two best friends and I can be together.

B Geography

I've always loved geography because I'm really interested in different places in the world. We sometimes go into the playground to draw the countryside around the school, but it's a pity we can't do trips to places like the beach or the mountains. The teacher gave everyone in the group a textbook to take home, but we had to get our own colouring pens and pay for a software program for drawing maps.

C History

I didn't use to enjoy history that much, but now I love watching programmes about the subject in my free time. So far this year, our group has been to two museums, and I think we'll visit a few other places before the end of the year. At the moment, we're studying the history of medicine and learning about some very strange medicines and equipment. The teacher gives us information and we have to write lots of notes in our exercise books. If we want, we can draw a few pictures for homework.

Part 3

Questions 14 – 18

For each question, choose the correct answer.

School counts the cost of storm

When children and parents arrived at school in the small village of Brownston yesterday morning, they were surprised to see the head teacher standing outside the front of the school. The school gates were closed, because a tree had fallen onto the roof of the school hall and a number of windows were broken. A storm the night before had made school buildings unsafe, so the children were sent home until further notice.

Justine Cram, a mother with two young children at the school, said that she was unhappy with the way the head teacher sent the children home. 'I have to cancel all my work appointments today. My customers won't be pleased, but I have to stay at home to look after my daughters,' she said. 'Children should be in school every day! The head teacher needs to think again about closing. He should find a safe place to teach the children until they can use the buildings again.'

Richard Thomas, the head teacher, explained that he had no choice but to send the children home. 'The storm happened in the early hours of Monday morning, just a few hours before school starts. When I arrived, I immediately decided it was not a safe place for children to be in. I know parents are unhappy that the school is closed, but if their children or members of staff were hurt because of the problems, that would be worse.'

Mr Thomas hopes to open the school again by Thursday.
