LIVEWORKSHEETS

The Community Garden

A small village decided to build a community garden. The leaders believed the project would be a great **(1)** _____ because it would provide fresh vegetables for everyone. Many volunteers joined together and **(2)** _____ the main team responsible for planting and caring for the garden.

Before planting, the farmers carefully **(3)** _____ the land to make sure it was suitable. They added healthy **(4)** _____ and removed rocks and weeds. Although the work was **(5)** _____, everyone continued because they knew their hard work would help the community.

The plants needed enough sunlight to **(6)** _____ through the leaves and reach every part of the garden. After several months, the vegetables began to **(7)** _____, and the garden became full of life.

The villagers also had to **(8)** _____ some of their free time to keep the garden healthy. During a heavy rainstorm, one volunteer had to **(9)** _____ into a flooded ditch to save the water pump. Thanks to everyone's efforts, the garden continued to grow even after the **(10)** _____ of the village's oldest gardener, whose dream had inspired the project
