

IELTS SPEAKING PART 1: FIND THE MATCH!

What was your favorite free-time activity when you were a child?

Do you prefer to study alone or with other people?

Is there anything you would like to change about your studies?

Do you all live together in the same house?

Who do you get on best with in your family?

Do you have a large or small family?

What activities do you enjoy doing in your free time now?

1. I prefer studying alone to study in a group
 2. I live in a nuclear family of 5 members
 3. Back when I was a kid, my favorite activity was playing hide-and-seek
 4. All of my family members stay together under the same roof
 5. If I were to change one thing about my studies, it would be the volume of homework
 6. I find myself get along with my younger brother most
 7. My favorite recreational activity now has changed a lot compared to the past
-
- A. As a high-school student, I now have so much homework to do at home, which makes me so stressed out and that's why I wish for less assignments
 - B. We can sit back talking for hours and hardly have an argument
 - C. Although we do not really understand each other, my family is always full of love and care
 - D. I can still vividly remember playing this traditional game with some children in my neighborhood during our summer vacations. Life was so care-free back then!
 - E. However, in the future, it can change because my siblings and I will move out for universities in other cities
 - F. Instead of gathering in the playground playing outdoor games with children of my age, I much prefer spending me-time at home reading books or watching movies
 - G. Studying alone allows me to stay focused and review learnt lessons more easily
