

How to Make a Healthy Fruit Smoothie

Many people enjoy drinking fruit smoothies because they are healthy, delicious, and easy to prepare. A smoothie is a great breakfast or snack because it gives your body vitamins and energy.

First, wash one banana, one apple, and a handful of strawberries. Next, peel the banana and cut all the fruit into small pieces. Then, put the fruit into a blender. Add one cup of milk and two tablespoons of yogurt. If you like sweet smoothies, you can also add one teaspoon of honey.

After that, blend all the ingredients for about one minute until the mixture is smooth. Finally, pour the smoothie into a glass and enjoy it. You can decorate it with a few strawberry slices or mint leaves.

Making a fruit smoothie is quick and simple. It only takes about ten minutes, and it is a healthy choice for people of all ages.
