

Reading Passage: Anna's Saturday

Last Saturday, Anna woke up early because she wanted to have a busy day. She ate breakfast with her family and then cleaned her bedroom. After that, she walked to the park with her best friend, Lisa. They played soccer for an hour and took many pictures.

At noon, they returned home and had lunch together. In the afternoon, Anna helped her mother prepare dinner. She washed the vegetables, cut the tomatoes, and set the table. Later, her grandparents visited the family. They talked, laughed, and watched an old movie together.

In the evening, Anna finished her homework and read a book before going to bed. She felt happy because she spent the day with the people she loved.
