VIDEO COMMERCE AND RE-COMMERCE:

FEATURES AND BENEFITS

Two new trends are changing the way we buy and sell online. **Video Commerce** uses videos to show and sell products. **Re-Commerce** gives a second life to products by buying and selling used or returned items.

VIDEO COMMERCE

What is it?

Video Commerce is selling products through videos. It includes live streams, short videos, and shoppable content on social media and websites.

FEATURES

- ✓ Live streams and real-time interaction
- ✓ Product demonstrations and tutorials
- ✓ Shoppable videos: buy while you watch
- ✓ Works on social media, websites, and apps
- ✓ Engaging and entertaining content

BENEFITS

- ✓ Builds trust with real-time answers
- ✓ Increases customer engagement
- ✓ Improves understanding of products
- ✓ Boosts sales and conversion rates
- ✓ Creates a fun and interactive experience

RE-COMMERCE

What is it?

Re-Commerce is buying and selling used, pre-owned, or returned products online. It promotes a circular economy and reduces waste.

FEATURES

- ✓ Pre-owned, used, or refurbished items
- ✓ Product inspection and quality check
- ✓ Platforms or apps for easy resale
- ✓ Safe payment and buyer protection
- ✓ Eco-friendly and interactive choice

BENEFITS

- ✓ Lower prices for buyers
- ✓ Extra income for sellers
- ✓ Reduces waste and helps the planet
- ✓ Extends the life cycle of products
- ✓ Supports a more sustainable future
