1 A- Read the text about Patagonia.

## Wonderful Patagonia

Patagonia is a very big and beautiful place in South America. It is located in Argentina and Chile. This region has some of the **most famous** **mountains** in the world.

The weather in Patagonia can change quickly. It is **colder than** the weather in Buenos Aires. The winter is the **coldest** season of the year, and the summer is the **warmest** season. In Patagonia, the wind is often **stronger than** the wind in the city. Sometimes, it is the **strongest** wind you can imagine!

Patagonia also has incredible **lakes.** The water in these lakes is **bluer than** the sky, and it is **cleaner than** river water. Near the lakes, you can see massive **glaciers**. The Perito Moreno glacier is the **most popular** glacier for tourists because it is **more active than** other glaciers. The ice is **whiter than** milk and **older than** our grandparents.

Patagonia is a fantastic home for animals too. You can see **guanacos**, which look like llamas. Guanacos are **faster than** sheep. You can also see the Andean condor. It is one of the **largest** flying birds in the world. Its wings are **longer than** a bicycle! **Penguins** live on the coast. They are **smaller than** the condors, but they are **more popular than** the big birds because they are very cute.

This region is **bigger than** many countries in Europe, but the population is very small. Cities in Patagonia are **smaller than** cities like New York or Paris. They are also **quieter than** big cities. For example, Ushuaia is the **southernmost** city in the world.

Many travellers say that Patagonia is the **best** place for an adventure vacation. Walking in nature is **better than** watching television at home.
