

Reading COMPLETE WORDS TOEFL 1

First, you'll get one or two "complete the words" tasks. This is a paragraph where some of the words have missing letters. Your job is to fill in the missing letters. Ten words in total will have missing letters. This means the task counts as ten questions.

- Quickly scan the whole paragraph. The context will help activate your existing vocabulary.
- Consider possible word stems
- Ask yourself if the missing word is a noun, verb, adjective or adverb. Look at the surrounding words for clues.

Psychology is the scientific study of behavior and mental processes, encompassing a wide range of topics such as perception, emotion, personality, and social interactions.
