A lake

An ocean

A pond

4. Which of these is very cold and covered in ice?

A desert

The Arctic

A jungle

5. What covers most of the Earth's surface?

Land

Desert

Water

Exploring Our World is an introductory (A1 level) geography worksheet designed to teach basic vocabulary related to the Earth's physical features, landforms, and world geography. Through matching terms, completing sentences, and multiple-choice questions, students practice identifying key geographic concepts such as landforms (*mountains, deserts, islands*), bodies of water (*oceans, rivers*), and global terms (*continents, capitals*)
