

LIFE BETTER WITH LITTLE TREATS

- Strawberry Beats

(*)

Life is better () little treats

A () drink, a walk, a () breeze

The simple things that () you up

Life is () with these

Life is better with little ()

You don't need () to feel alive

A () hour and easy yes

And () just arrives

[Verse 2]

You've been () on the big things

A () meant to change it all

But look () what's already here

And it's () small

The ordinary holds a quiet ()

In the middle () your day

A favourite song () on the radio

And suddenly you're ()

[Pre-Chorus]

It doesn't take a () moment

For a () kind of day

All the sweetness you've () looking for

Was waiting () this way

(*)

[Bridge]

Not in the grand ()

Not in the big ()

() in the little sweetness

Right here in () hands

A treat, a ()

Just () you

That's how you () you're living true
