

A Special School Experience

For each question, choose the correct answer.

Last year, Emma travelled to another country to teach English for two months. Before she left home, she had never **21** _____ in another country. When she arrived at the school, the students were very friendly and made her feel welcome. Although the classroom was quite **22** _____, the lessons were always interesting because everyone worked hard. Emma enjoyed helping the teacher prepare activities and **23** _____ the children's success at the end of the school year. She was surprised because many students walked a long way to school every day. After the programme finished, Emma decided to **24** _____ for another teaching programme the following summer because she had enjoyed the experience so much. She believes that students always do better when teachers encourage them and help them **25** _____ well at school. Emma still keeps in touch with the students and hopes to **26** _____ them again one day.
