First, you **mix** together some sugar and some butter. Then you add a **few** eggs and mix it well. After **that**, you slowly start adding flour and a little salt.

Next, add **some** milk. You can also put in some white chocolate **if** you like. You might also choose to add some fruit, like lemon or coconut.

When you **are** ready, put the cake **into** a hot oven for about half an hour. Then put a fork in it. **When** the fork comes out clean, the cake is ready.
