

# Componemos y descomponemos números

## 1. Lee el siguiente problema.

Carlos y Adriana ayudan a su papá a registrar las banderas que venden por fiestas patrias.

Observa.

95

¿Qué cantidad han representado los niños?

## 2. Comprende el problema.

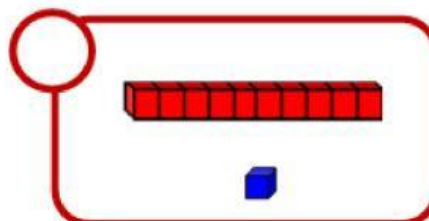

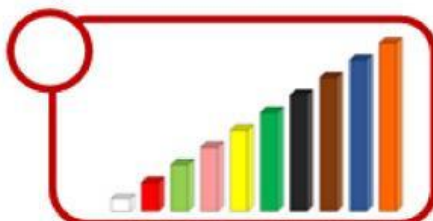

a) ¿De quiénes nos habla el problema?

b) ¿Qué registran los niños?

a La venta de banderas.

b La venta de escarapelas.

c) ¿Qué usan para representar las cantidades?

d)¿Qué te pide averiguar el problema? Encierra tu respuesta.

e)¿Qué acción vas a realizar para resolver el problema?

Juntar

Contar

Separar

3. Aplica tu estrategia y resuelve el problema.

-Representa con base diez la cantidad de Carlos.

| En base diez en decenas y unidades | En el tablero de valor posicional                                                                                                                                                                                       | En sumandos | Escriban el número y cómo se lee. |  |  |                                                                            |                                                                                                                                                                                              |
