Hi Jack,

I'm writing about our class project on homes of the future.

Our teacher thinks robots will help us (25) _____ the housework, so people will have more free time.

Many people believe future homes will be built (26) _____ solar panels to produce electricity.

People won't need keys because smart locks will recognise (27) _____ faces.

I'm not sure everything will happen, (28) _____ I think technology will make our lives easier.

What do you think homes will be (29) _____ in fifty years?

Write back soon and tell me (30) _____ ideas.

See you,
Emma
