Text: "Marta's Coffee Story"

 Read the text carefully. Pay attention to the Past Simple verbs (regular and irregular).

My name is Marta Jiménez, and this is my business story. I studied Business Administration at a technical institute in Bucaramanga. After I finished my studies, I worked as a sales assistant in a small store for two years. I learned a lot about customers and products there.

In 2019, I decided to start my own business. At first, I worked alone from my kitchen. I created a small brand of organic coffee called "Café Real." I founded the company with only ten bags of coffee and a lot of hope.

At the beginning, it was very difficult. I didn't have many clients, and I didn't hire any employees. However, I didn't give up. I organized a small stand at a local entrepreneurial fair in San Gil, and many people tried my coffee. They loved it!

Two years ago, in 2022, I launched my official website. That was a big milestone for my business. After that success, I hired my first two employees: a manager and a technician. We opened a small warehouse to store the coffee bags.

Last year, my brand won an important award for "Best New Local Business" in Santander. It was a great achievement for my team and me. We didn't expect to win, but we were very happy.

Today, "Café Real" has a branch in San Gil and another one in Socorro. We have eight employees and more than two hundred clients. My story started with ten bags of coffee, and now it continues growing every year. I am proud of my achievement, and I am ready for new goals in the future.
