

1- Reading Comprehension

Carefully read the passage provided below and answer the questions

In the school library, there are shelves full of books. Some are tall, some are short. There are so many books waiting to be read! You can find adventure stories, funny comics, and books about animals. The librarian is like a book expert who can help you discover new and favourite books. You can sit at a table or on a cozy rug and go into a world of imagination. It's quiet in the library, perfect for getting lost in a good book. The library is a magical place where you can explore and learn something new every day!

Questions:

1. What can you find in the school library?

2. How does the librarian help you?

3. Where can you sit to read in the library?

4. Why is the library described as a "magical place"?

5. How does the text describe the volumen in the library?
