LIVEWORKSHEETS

The Weather in the UK

The weather in England is usually mild in autumn, but some days are windy and wet. It is a beautiful season because the leaves change colour to yellow, red and brown. It isn't usually cold in October and November, but it is windy and wet some days. Some mornings get foggy, making it difficult to drive into work or walk to school.

Winter, on the other hand, is usually freezing. The temperature falls below zero. It may snow once or twice and there are stormy winds. There is frost on the pavements and roads in the early morning. Children like to slide down slopes and build snowmen if it snows heavily enough.

Spring is the best season because it is warm again after the long, cold and foggy winter days. All the trees are full of new green leaves, and you can see lovely spring flowers like daffodils everywhere. The weather in spring is not always nice in April. It often rains and there can be strong winds too. Sometimes it's cloudy, but it is warm and sunny most of the time.

Summer is also a lovely season, with blue skies and lots of sunshine. It tends to get very hot in July and August when all the fans come out at night and beach visits are more regular.

1. What is the weather like in autumn?

2. Why can it be difficult to walk to school on some autumn mornings?

3. Which season does the writer think is the best?

LIVEWORKSHEETS

4. What happens to the trees after winter?

5. Why are beach visits more popular in summer?

4. Write about the weather in a country you choose. Include:

- the name of the country
- how many seasons it has
- what the weather is like in each season
- what people wear
- what people enjoy doing in each season

Write 50–60 words.
