

Choose a topic and write an essay

1. Local food vs imported food

Supermarkets should only sell food produced from within their own country rather than imports from overseas. To what extent do you agree or disagree?

2. Taxing unhealthy food

Some think that governments should tax unhealthy foods to encourage people to eat healthier. To what extent do you agree or disagree?

3. Fast food

The popularity of fast food is increasing in many countries. Some people believe that this has a negative effect on society. To what extent do you agree or disagree?
