NMT Task 1 practice (4)

Read the texts below. Match choices (A-H) to (1-5). There are three choices you don't need to use.

1

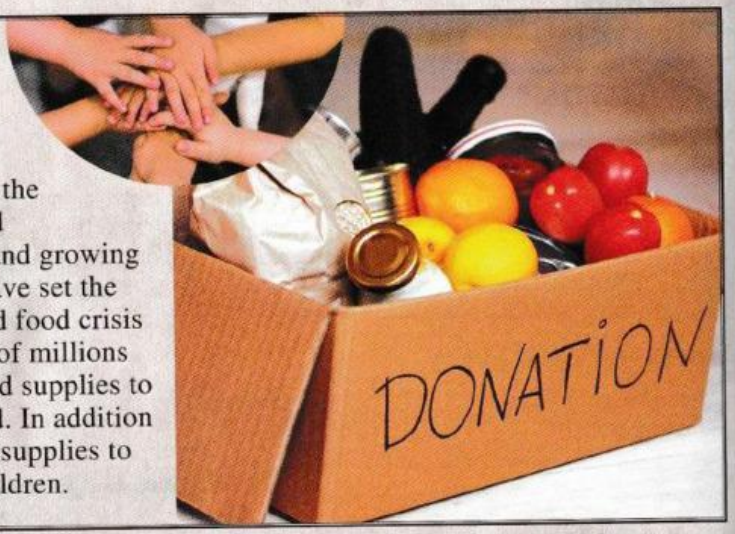

Water Rights

Action is urgently needed to ensure that no child in the developing world is denied access to clean water and sanitation. We are an organisation that supports projects that improve quality of life by developing local drinking-water resources, sanitation facilities and hygiene education programmes.

2

EQUAL CHILDREN

Millions of families across the globe are struggling to feed themselves. Rising prices and growing environmental problems have set the conditions for a widespread food crisis that will threaten the lives of millions of children. We collect food supplies to ship wherever there is need. In addition to that, we collect medical supplies to ensure better health for children.

3

Planning the future

Our vision is to help children achieve their goals in life. We work with governments, big companies and people who simply want to offer their time and energy to make sure no child is left behind. No child should be denied the opportunity to study and broaden their horizons.

4

TRADE NOT AID

Our aim is to help people who are living in isolated conditions and in poverty gain access to the outside world in order to sell their products. We believe that this is the only way to improve people's living conditions.

5

Human Rights

Are you between 10 and 18 years of age and interested in human rights? European Human Action (EHA), the organisation created to protect the freedom of European citizens, is celebrating its three-year anniversary by holding a competition that calls on young people to answer the following question:
'What can we do to improve the protection of human rights in Europe?' Young people from all European member states are invited to answer the question in 200 words or less. All entries should be e-mailed to eha@eha-rights.org with the words 'Essay Competition' in the subject line. They should be submitted no later than 20th November.

Which of the organisations _____ ?

A. opens new markets to producers
B. aims at providing education to children
C. encourages people to save water
D. offers a chance to take part in a contest
E. aims at protecting the environment
F. sells products made by children
G. caters for various needs of poor children
H. focuses on the problem of water supply
