Chuyên đề 3: Giới từ

Exercise. Read the passage and fill in each blank with ONE suitable preposition.

A School Environmental Project

Last month, our school started a new environmental project. Many students were interested (1) _____ joining the project because they wanted to make their school greener. At first, some students were worried (2) _____ the amount of work they had to do. However, they soon became excited about the activities.

Our project depends (3) _____ teamwork. Each group is responsible (4) _____ a different task. Some students look (5) _____ information about environmental problems, while others collect plastic bottles and waste paper. We also listen (6) _____ our science teacher's advice on how to reduce waste effectively.

Every Friday, more than fifty students participate (7) _____ different environmental activities. We are very proud (8) _____ what we have achieved so far. The project has also helped prevent students (9) _____ throwing rubbish on the school grounds. Although our project is quite different (10) _____ normal classroom activities, we have learned many useful things from it.
