Celebrating Independence Day at School

Last Monday, my school held a special event to celebrate Indonesia's Independence Day. All students and teachers gathered in the school yard at 7 AM. First, we joined a flag-raising ceremony. The atmosphere was very solemn. After the ceremony finished, the exciting school games started. There were many fun competitions, such as a cracker-eating contest (lomba makan kerupuk), sack race, and tug of war. I joined the cracker-eating contest. I was very hungry, so I ate the cracker quickly. Surprisingly, I won first place and got a stationary set as a prize! Finally, the event ended at 12 PM. I felt extremely tired but very happy. It was a memorable day for everyone.
