Activity 1.1: The Human Learner vs. The Data Consumer

Part 1: Matching Concepts

Draw a line to connect the term on the left with its correct description on the right. Or pick a colour to shade the term on the left with the description on the right.

Term	Description
1. Human Learner	A. Information, examples, and pictures given to a machine so it can learn.
2. Data Consumer	B. Creating something completely new that has never existed before.
3. Training Data	C. A system that needs thousands or millions of examples to understand one concept.
4. Invention	D. Someone who only needs one or two examples to understand a new concept because they use prior experience.
