What do you eat for lunch at school? School lunches are different in different countries.

This is a lunch in South Korea. All of the students eat the same lunch at the same time. There's usually soup and rice with every lunch. There's also sometimes meat, kimchi, and vegetables.

In France, students eat bread, but they don't have sandwiches. The French students also eat meat, salad, and cheese.

Here's a school lunch from India. This lunch has bread, too. It also has curry and rice.
