CLASSROOM TASK 5

Grammar Awareness: plans, priorities & financial consequences

Objective: Use future forms, cause-effect connectors, and comparatives to explain realistic financial decisions.

A Future simple or future continuous?

Complete each sentence with will + verb or will be + verb-ing. Use the verb in parentheses.

1. I promise I _________ part of my allowance every week. *(save)*
2. This time next month, I _________ my new budget. *(follow)*
3. I decided I _________ unnecessary expenses from now on. *(cut)*
4. At 8:00 tonight, I _________ prices for a new tablet. *(compare)*
5. During exam season, I _________ less money on outings. *(spend)*
6. I think I _________ a small emergency fund this year. *(create)*

B Cause & effect

Use each connector once: because · so · therefore · as a result.

7. I want to reach my goal faster, _______ I stopped buying snacks every day.
8. My expenses were higher than my income; _______, I changed my priorities.
9. I track every purchase _______ I want to understand my spending habits.
10. I created a weekly budget. _______, I know how much I can save.

C Compare alternatives

Use the cue to write a complete sentence with than.

11. cooking at home / cheap / delivery

____

12. saving 10% / realistic / saving 50%

____

13. walking / economical / taking a taxi

____

14. a reusable bottle / good for my budget / bottled drinks

____

D Mini financial plan challenge

Scenario: You receive $600 pesos this month. Your basic expenses are $320, and you want to save for something important. Decide what you will do with the remaining money.

15. Future simple: Write one clear financial intention or promise.

____

16. Future continuous: Describe one saving/spending habit in progress in the future.

____

17. Cause-effect: Explain one decision and its reason or consequence.

____

18. Comparative: Compare two spending or saving options.

____

Self-check: ☐ correct future form ☐ clear connector ☐ comparative + than ☐ financial vocabulary
