

1. Listen to Janaina's LETTER and follow your teacher's instructions.

2. Read Janaina's letter and check the PROFESSIONS you can identify in the text.

Good morning, professors.

My name is Janaina, but you can call me Jan. I am forty years old and I am from Brazil, I live in Porto Alegre. I have two daughters, Paola – who is eleven years old, and Marcela – who is four. They are students. They are also dancers, artists, scientists and potential youtubers. I am really proud of these girls!

My husband Daniel is a Federal Police officer. We love to travel in our free time and the United States is one of our favorite destinations!

I am a nurse, a researcher and I am here studying for a master's degree.

I am really happy to be among such great professors!

*Respectfully,
Janaina Pinheiro.*

March 24th, Porto Alegre - Brazil
